

JULIAN SAHAGUN

Julian Sahagun, president of Keystone Cabinetry, Inc., has been designing and manufacturing custom, high-end residential kitchens and baths for over 18 years. He is not only an accredited designer but also, a licensed contractor who combined his cabinet making skills to establish his highly respected cabinet manufacturing business in 1984. Julian's experience and craftsmanship provide a unique ability to design and surpass his clients' expectations. The kitchens and baths he creates are the works of a true professional. He takes great pride in the predominantly referral-based clientele who appreciate Keystone Cabinetry's quality product, detail oriented installation and commitment to customer satisfaction.

Over the years, Julian's projects have been featured in national and local design publications. It is the long list of delighted clients, among them many celebrities and notables, which brings him the most satisfaction. The custom, hand-crafted, hand-carved cabinets featured are prime examples of the true artistry that has gone into designing and making these kitchens.

KEYSTONE CABINETRY, INC.

7333 Coldwater Canyon, Suite 38, North Hollywood, California 91605
(818) 503-0493 www.keystonecabinetry.com

This spectacular 650-square foot kitchen was designed in conjunction with the rest of the cabinetry in this state-of-the-art beach land, 35,000-square foot home in Punta-Mita, Mexico.

To enhance the furniture look cabinetry, with its highly detailed inlays and carvings, the designer used a French Walnut color with a Cappuccino glazes. The Crema Classico 4-inch bullnose marble countertops complement the cabinetry; the same marble was used for the flooring.

Although the overall design might be considered Old World, the use of a professional style range brings this kitchen into the future. A special second prep sink was included in the island to accommodate more than one cook.

In addition to the large kitchen, the firm designed, built and installed custom cabinetry throughout the home's twelve baths, master suite, library and a number of antique reproductions with the theme being carried over in the cabinetry.

PRODUCTS USED: Keystone Cabinetry, Apache door style in French Walnut with Cappuccino glaze; Sub-Zero side-by-side refrigerator; Viking 60-inch professional range; Miele dishwasher; Franke stainless steel sinks; Grohe satin nickel faucets; ISE disposal; 4-inch Crema Classico bullnose marble countertops with matching 2-inch by 36-inch by 36-inch marble tile flooring.
